PROJECTS

Amphi – English Timetable App for EPITA Students

09/2026 – Present amphi-app.github.io

- Built and launched an open-source, offline-capable web app that turns EPITA's French ZEUS timetable into an English, mobile-first view; used by ~20 students.
- Features: Now/Next class card, French-to-English glossary, free-room finder, friends' schedules, weekly change alerts.
- Automated logic and browser tests run on every push via GitHub Actions; 40 commits in the first two weeks. Built with AI-assisted coding (Claude Code).

Tools: JavaScript, HTML/CSS, Service Workers, Playwright, GitHub Pages/Actions

Arduino RFID Automated Attendance System

2025 – 2026

- Designed and built a hardware-software attendance tracking system using Arduino and RFID.
- Developed a Python script that auto-generates formatted Excel reports (Attendance.xlsx).
- Implemented an automated deployment pipeline so teachers receive files instantly on device connection.

Tools: Arduino, Python, RFID, Excel Automation

Smart Expense Tracker – Python Web App

2026

- Built a command-line expense tracking app in Python with data categorisation and summary features.
- Extended the application to a localhost web interface for improved usability.

Tools: Python, HTML/CSS, Flask

EXPERIENCE

HR Head (previously Media Head)

Defence Club, Chandigarh University

01/2025 – Present

- Promoted to HR Head in 2026 after leading the club's media & communications as Media Head from 2025.
- Planned and ran media strategy to maximise the club's brand exposure across platforms.

EDUCATION

Exchange Semester

EPITA

09/2026 – 01/2027 Paris, France

- Bachelor in Engineering (Exchange) – C Programming, 68000 Assembly, Algorithms, Mathematics

B.Tech – Computer Science & Engineering (AI/ML Specialization)

Chandigarh University

Expected 2029 Punjab, India

SGPA 6.7 / 10

Class XII – Science Stream

Manav Rachna International School

2024 – 2025 80%

Class X

DAV Public School

2022 – 2023 75%

CERTIFICATIONS

AI Fundamentals (AI-900)

2026 Microsoft

Foundations of Project Management

2026 Google / Coursera

SKILLS

Languages

C++ Python

Hardware

Arduino RFID ESP32

Tools/Platforms

VS Code Arduino IDE MIT App Inventor

Git/GitHub GitHub Pages
